***PERSONAL DATA
PROTECTION OFFICE***

**Ms. Liudmyla Denisova
Ukrainian Parliament Commissioner
for Human Rights**

Dear Ms. Liudmyla Denisova,

It is with great sadness that I learned about Russian attack on the independent and sovereign Ukrainian State. The Personal Data Protection Office strongly condemns the unprecedented armed attack on Ukraine.

As the President of the Personal Data Protection Office, both I and my colleagues express our deep solidarity with the Ukrainian citizens whose fundamental rights and freedoms have been violated or threatened as a result of Russia's military actions.

We declare full cooperation and all assistance of our authority in the face of growing threats as your neighbours and a common part of the data protection community.

Your sincerely,

Jan Nowak

President of the Personal Data Protection Office
